

# How to log into Clever?

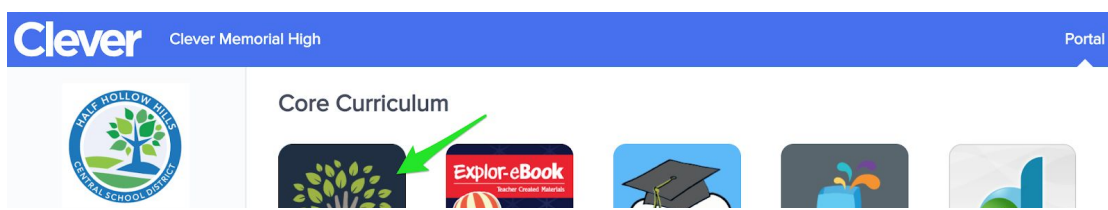

1. Navigate to the Clever login page at [clever.com/login](https://clever.com/login). It may ask you to search for your student's school.
  - **Please note:** *There may be multiple schools by the same name, so please be sure to select the school associated with your student's school district!*

## Log in with Google

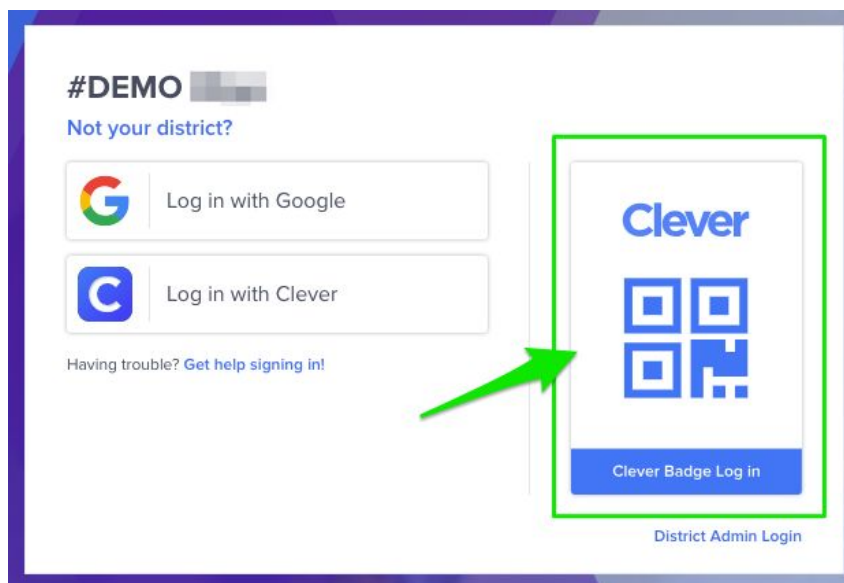

- *If your student is using the 'Log in with Google' option, they will be redirected to sign in using their school-provided email address and associated password. They will **not** log in using a personal Google (@gmail.com) email address.*
- **Please note:** *Your student's login credentials are configured by the school district. If you are unsure what they are, please reach out to the district's help desk for assistance at [csd2techhelp@csd2.org](mailto:csd2techhelp@csd2.org).*

2. Once your student is logged into their Clever Portal, they can click on the application icon they'd like to use:

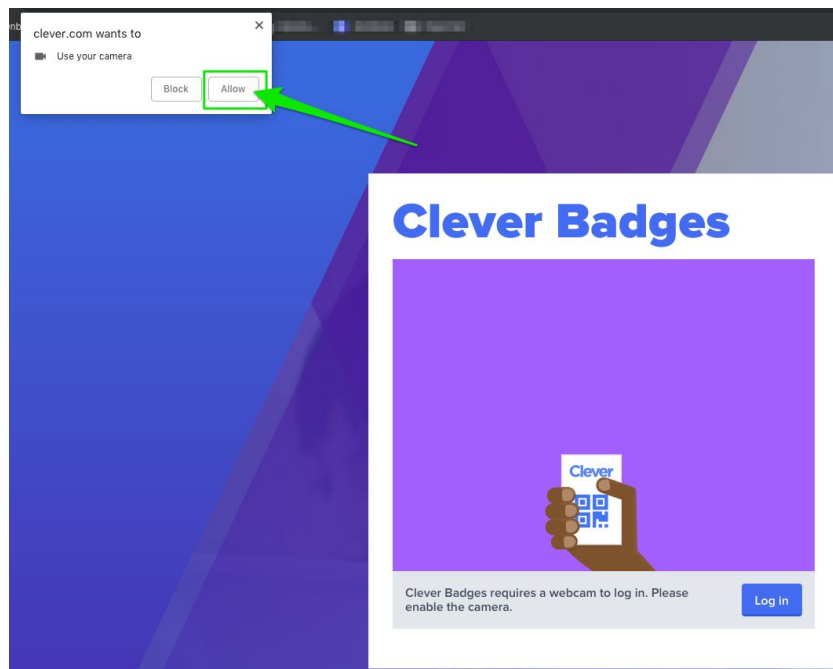

# Log into Clever using a Badge

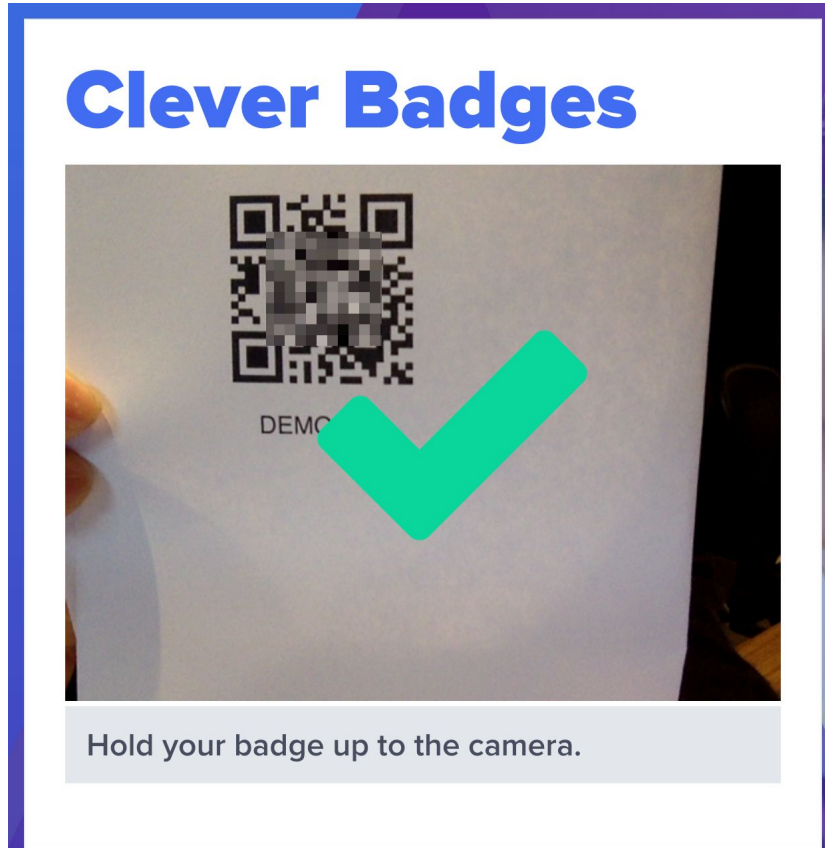

1. Your student will first need to obtain a Clever Badge from their teacher or school.
2. Select the 'Clever Badge Log in' option. You can also go directly to [clever.com/badges](https://clever.com/badges).

3. Your internet browser may ask you to allow clever.com to use your device's camera. Select 'Allow'.

4. Hold your student's Badge up to the device's camera, and wait for the green checkmark to log your student into Clever!

5. Once your student is logged into their Clever Portal, they can click on the application icon they'd like to use:
